

INDOOR – DATASHEET

> INDOOR – DATASHEET

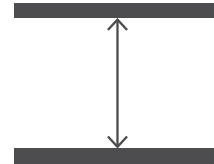

210 M²

INDOOR
AREA

6.45 M

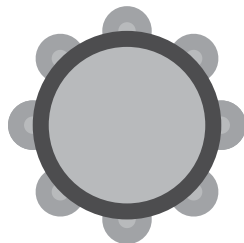

WIDTH DOOR

3.20 M

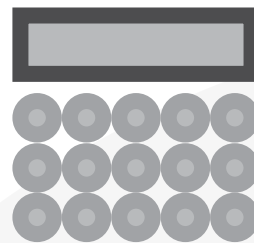

HEIGHT

BANQUET

150 PAX

AUDIENCE

420 PAX

The exterior has a total of 700M² (see building's plan pag.3), fully covered by wi-fi. This area, like the indoor, can be used for any kind of event. Portas do Sol team can help you to find the better solution to compose your event the best way possible.

Obs: Due to the indoor's room versatility you can also have different dispositions, however these are the most used ones (Banquet and Audience). Any other disposition you have in mind, please contact us.

There may also exist other relevant informations about the inside which aren't in this datasheet or in the previous website's description, please contact us for any further information you may need.
